1. Introduction

Dear readers,

The Annual Report is a comprehensive source of basic information about the status and efficiency of the Czech Holstein population, best herds and animals. It has been issued as a separate publication for 15 years. In this form you can also obtain results concerning the next test (recording year) year. In case of more interest you can ask for these results on the address: office@holstein.cz.

Basic information on milk recording results including the outcome of the Association's competition is part of the information available at the Holstein cattle breeders association of the Czech Republic. The latest information is regularly published on the web pages of the Association (www.holstein.cz). Other important information can be obtain on the pages of cooperating companies the Czech-Moravian Breeders Corporation and Plemdat, Ltd. (plemdat.cz)
